Dear Parents/Guardians,

Diocesan Building Fund.

We are sending out a leaflet from the Diocese with this letter to ask for any contributions towards the school building fund. School has to pay each year over £900 to contribute towards this and any money used is taken away from valuable resources that may support your child.

We at St. Bernard's have benefitted greatly from the fund over the years with replacement windows, an extension, repair works to our yard and replacement plumbing throughout the school.

Any contributions that you could make, no matter how small, would be extremely gratefully received. If you have any questions regarding this then please do not hesitate to ask.

Thank you for your continued support.

Yours faithfully,

Mr A. T. Moor
