

Dear Parents/ Carers,

We are very much looking forward to Robinwood next week. This is just an email to outline some important information and reminders.

- Please refer to the clothing list and pack with your child so that they know what is in their bag/ case.
- Please label all clothing.
- Children must not bring any sweets or snacks - this is also a strict policy at Robinwood for obvious reasons. We do have members of our group with food allergies, including a nut allergy, and Robinwood is strictly a nut free venue.
- Please bring a labelled water bottle.
- Please bring a waterproof coat or jacket.
- Please keep an eye on the forecast with regards to cold or warm weather and packing for these eventualities.
- All medication must be handed over to school staff on Monday morning and not packed in any cases or bags.
- All medication must be in the original box and labelled with the child's name if administered by the doctor.
- If any new medication is needed, a medical consent form will need to be completed on Monday morning at drop off.
- Electronics/ cameras are not allowed at Robinwood.
- Children are to enter school at the normal time into the hall. There will be a table set up where there will be a checklist to check that your child has everything that they need.
- We are aiming to leave school by 10:30 and so please feel free to come and wave us off at that time!

Please do not hesitate to contact school with any final questions you might have.

Regards,
Mrs Lally.
