

Fairytale Puppet Making

for R, Y1, Y2 and Y3 children, with a parent or carer

Puppet Making

Celebrate World Book Day with our Fairytale Puppet Making Workshop!

Children and parents/carers can create their own fairytale puppets and use them to bring stories to life. Through fun storytelling, children can learn new words, build confidence, and practise important reading and speaking skills — all while getting creative together.

Free when parents/carers complete a short registration form during the session.
