

SHARED SPACES

NEWSLETTER- SPRING 2018

funded
through

This is our first ever newsletter, so here is some information about what the Shared Spaces project is all about.

Members of St Bernard's RC Primary School community, along with Sustrans are aiming to work collaboratively with residents in the surrounding streets, to improve the quality of the spaces that we all share.

St Bernard's supports Sustrans Vision:

We believe high-quality public space is an essential part of creating cohesive, happy and successful communities. We draw on the community's knowledge to design bespoke, memorable places that are responsive to local needs.

It is important that everyone in the community is part of this project and we would like everyone to join in some of the activities we have organised.

On **Friday 1st February** from 9.30-11.30am the children at St Bernard's will be doing a litter pick with the Mayor of Ellesmere Port, along Sherbourne Road and the surrounding streets. Please come and join us. Litter picking equipment will be provided.

On **Wednesday 6th, 13th, 27th Feb and 3rd March**, we are running some art workshops to help create pictures to brighten up the area directly outside of school. We'd love for you to join us. The workshops will run from 3.15-4.15pm.

We look forward to working with you.
