**Report Guidance 2021**

You will shortly be receiving your child's end of year report. All reports this year will be emailed to parents on Monday 5th July.

Covid-19 has continued to be disruptive to learning this academic year. Huge thanks to all parents for trying to keep learning going at home. We are proud of the way the whole school community came together during a really difficult time to keep learning going. The staff responded quickly to remote learning and offered a blend of online / remote teaching for the children.

Since the wider opening in March, we have streamlined some of our curriculum, focussing on what matters most to enable your child to be ready for their next phase of learning as much as possible. We have continued to teach a broad range of subjects and therefore have returned to our usual format of providing grades for attainment, progress and effort for each subject.

If your child is in Years 1 to 6, you will notice an attainment or number grade for each subject area. Each number grade represents the following:

Attainment	
B	Your child's attainment is currently below the standard expected for their year group
WTS	Your child is working towards the expected standard for their year group
EXS	Your child is working at the expected standard for their year group
GDS	Your child is attaining greater depth objectives for their year group
