24th June 2020

Dear parents and guardians,

Before the Covid-19 pandemic you may have remembered that Ofsted inspected St Bernard's in late February. Due to the crisis, inspections were suspended across the country and any reports due to be published were held back until schools opened more widely. We are pleased to let you know that our report is now live on the Ofsted website. We have published the report on our school website and a link has been text to all parents.

In September 2019, the inspection scheduled changed and reports are much shorter. It is difficult for inspection teams to truly capture everything about St Bernard's in such a short visit and as I have mentioned on many occasions, the school is not driven by test results or inspection schedules but rather by our values, curriculum and how we enable our children to be happy and fulfil the wonderful potential they have. We're really pleased that many comments in the report capture this.

On behalf of the staff and governors, I'd like to thank parents for your contributions during the inspection process back in February. Many parents wished to speak to inspectors about the school and the response to the parental survey was overwhelmingly positive and reflective of what we do as a school community.

If you have any feedback regarding the report, please get in contact with me.

Yours Faithfully
