

CHESTER ZOO

Family Wildlife Club

Join our Family Wildlife Club!

This is a chance for children aged 4+ and their families (parents, guardians, siblings etc.) to get involved with fun activities helping UK wildlife. We'll be...

Learning about
native wildlife

Making *improvements* to
the **school grounds** to
encourage wildlife

Finding out how to *survey*
different **animals** and **plants**

Discovering what **YOU**
could do **at home** to help

Families taking part in the club should commit to attending all **5 sessions** and helping out at our community days in spring/summer 2020.

At the end of the club, you'll also get free tickets to the zoo to discover some not-so-native wildlife!

Wildlife
CONNECTIONS

CHESTERZOO Family Wildlife Club

Dates for your Diary

17 January 2020 | 1-3pm

Visit to Chester Zoo Nature Reserve
Get a coach from school together to visit our Nature Reserve. Spend the morning learning about wildlife surveying and exploring which habitats are important for UK wildlife.

24 January 2020 | 1-3pm

Wildlife Spotting at school

Find out what wildlife is living at our school site and work together to plan how we could help it.

31 January 2020 | 1-3pm

Incredible Invertebrates at school
Create important habitats for bugs including planting and building homes.

7 February 2020 | 1-3pm

Water Wildlife at school

Find out about and help to create habitats for animals and plants living in or near water.

14 February 2020 | 1-3pm

Birds and Bats at school

Build homes for bats and birds and plan how we can engage others with our wildlife site.

Spring/Summer 2020

We'll be running days to engage the rest of the school and the community with our wildlife site, spreading the word about how we can all help UK wildlife.
