

Cheshire West & Chester Council

Help shape our **Starting Well** service

Children's Centres, health visiting and school nursing

This engagement
is open for
responses until
Friday, 9 May 2025

We want to hear from families who use a **Starting Well** service to find out more about what works well and what you think could work better.

We also want to hear from people who do not use the service about what could make you more likely to use it in future.

Starting Well supports children and young people aged up to 19 years, or up to 25 for people with Special Educational Needs and Disabilities, and their families / carers.

The service is based mainly in Children's Centres but also delivers support in families/carers homes and in schools.

Your feedback will be used to develop different options for the service, which will be shared in a public consultation later this year.

Get involved

Come along to a drop-in event to share your views with us, **scan the QR code** for times and locations.

See overleaf for more ways to share your views.
