Number of Pupils and Sports Funding Received	
Approximate number of pupils on roll	190
APPROXIMATE AMOUNT OF SPORTS FUNDING RECEIVED	£8,950

PE and Sport Premium

Sport Premium funding, also known as Olympic Legacy funding, for Physical Education and School Sport was announced by the government in March 2013. This substantial sum of £150m per year is going directly to schools running from September 2013 to August 2017. The new 'ring-fenced' funding – only to be spent on PE and sport – will go directly to schools who will decide what is best for their children's needs with the aim of improving the quality of provision in every state primary school in England. This could vary from specialist coaching and teacher training to dedicated sports programmes, Change4Life sport clubs and support for after-school or weekend competitions.

Here at St Bernard's we will be channelling directly into developing the provision of Sport and PE throughout the school. We have developed a plan that extends the progress we made last year and this new report is based around the academic year September 16 to July 17. Below is a breakdown of how the funding will be spent and how we will be measuring its impact on our children.

Baseline

We wanted to continue to build upon the progress made last year in ensuring Physical Education was given the status it deserved. We recognised that we still had areas for improvement.

These were:

- A further investment in the PE equipment and storage.
- Refreshing the curriculum offer.
- A further investment in providing extra-curricular activities for the children both at lunch times and after school.
- A further investment to increase the external competitions the children can participate in.

Allocated Spending

- £850 to join the Cheshire Oaks School Sports Partnership.
- £500 to develop an assessment tool for within PE.
- £2000 on sports equipment.
- £2000 for extra-curricular activities.
- £1500 for additional support within PE lessons.
- £500 for teacher training and development
- £100 for PE Association membership

- £450 for dance and outdoor, adventurous activity development
- £1000 for a Health and Well-being week across the whole school

Actual Spending

- £850 to join the Cheshire Oaks School Sports Partnership.
- £500 to develop an assessment tool for within PE.
- £1500 on sports equipment.
- £2000 for extra-curricular activities.
- £500 for additional support within PE lessons.
- £500 for teacher training and development
- £100 for PE Association membership
- £200 for a Health and Well-being week across the whole school
- £2500 for swimming lessons for Years 3, 4, and 5.
- £265 for planning support.
- £35 for Sports Day.

Anticipated Impact

- Links with other schools and opportunities to play in external competitions.
- An accurate assessment tool in place across the school.
- An up-to-date stock of equipment.
- An increased participation in external tournaments and additional extra-curricular clubs to engage children in an active and healthy lifestyle.
- An improvement in the quality of teaching and learning in physical education with a focus on up-skilling staff.
- An up-to-date knowledge of PE subject matter.
- We will continue to help all pupils develop a healthy and active lifestyle.

Actual Impact

- Links with other schools have been made and the children have accessed a wide range of sporting competitions, including:
 - Tag Rugby
 - Football
 - Kwik Cricket
 - Cross Country
 - Tri Golf
 - Tennis
 - Dodgeball
 - Dance
- More children are engaged in positive, physical activity at playtimes and lunchtimes.
- We have a better stock of equipment to cover more of the curriculum areas.
- Pupils had a better choice of extra-curricular activities through a wider range of sports competitions and extra-curricular clubs being available.
- Staff have been trained on how to use Balance to assess PE in a more effective way from September 17.
- Two members of staff have been trained by Total Gymnastics to ensure they can deliver high quality gymnastic lessons.
- Pupils had a much better choice of extra-curricular activities to help them develop a healthy and active lifestyle.
