Dear parent/carer

Re: changes to data protection law

You may be aware that from May, the rules around data protection are changing. The 'General Data Protection Regulation' (GDPR) will change how we can use your personal data and keep it safe, and will also strengthen your rights over your own data.

The point of this is to make sure sensitive or private information about yourselves and your children stays safe. Whilst it is similar to the current Data Protection Act in many ways, there are a few differences, so we need to make a few changes at the school in order to ensure we remain compliant.

One of these changes is that we have updated our privacy notice, which will soon be available on our website.

As part of our work to comply with the GDPR, we will also be re-seeking active consent for the use of photographs or videos on our website, internal displays and other school materials.

We all so be reviewing how we contact you with regards to school information and will be asking you to confirm that you are happy for us to use the details that you have provided to contact you via email, text, letter and telephone.

If you have any questions about how the GDPR affects you, or how our school is preparing, you can contact Miss Emily Reid
